

Architectural Mouldings

All sizes are finished sizes. Standard lengths available 2.1 mtr to 3.0 mtr. Drawings are not to scale.

Tolerance allowed on all dimensions is 0.5mm. All P.A.R. profiles, mouldings and flooring are produced from natural timbers, colour and grain may vary within batches of timber supplied.

Custom Mouldings

We are able to offer a bespoke machining service for all your non standard profiles/mouldings, in most species that are stocked by John Boddy Timber. Simply send in your drawings or a sample of your required profile/moulding, from this we will evaluate your requirements and forward a competitive quotation to you by return.
